Youth's Creative Voice in Modern Media Language

LTT in Klaipeda, 14-16 of July, 2025

This intensive training event allows youth workers to immerse themselves in the modules they will later deliver to young people. Through hands-on experience and group discussions, youth workers gained a deep understanding of the content and its practical applications. This prepared them to teach multimodal literacy effectively, aligning with the WP2 objective of enhancing youth worker competencies.
